THE  
IMPACT  
FACULTY

**Asha Kayla**

Founder and CEO of  
The Impact Faculty

A specialist Sustainability training and education company, delivering learning and engagement programs to help solve our biggest social and environmental problems.

# One Day Workshop

In order to solve our complex environmental and social problems, we must meaningfully engage and inspire.

This workshop will elevate your Responsible Business and Sustainability Strategy through the lens of the Sustainable Development Goals (SDGs), and show you how to bring your stakeholders on the journey.

## Workshop Outline:

- Introduction to the Sustainable Development Goals (SDGs)
- Understand each goal, its indicators and how Australia is currently performing
- Learn how to map SDGs to your current plans and prioritise action
- Use SDGs to build future strategy through systems thinking
- Learn from business case studies
- Understand how to communicate with, and engage stakeholders using the goals

You will also receive an eBook packed full of resources from the workshop.

**Price:** \$750 inc. Lunch

**Venue:** Global Change Institute  
Group Learning Space  
Bldng 20, Staff House Road  
University of Queensland  
St Lucia Campus

"The SDG workshop was very insightful and helped me to make sense of the Principles of Responsible Business Strategy, SDGs and their application. I am thankful for having the opportunity to attend and learn. I would recommend this workshop to others"

Duygu Caymaz

Sustainability Programs ANZ, Veolia
